

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products linked to this page:

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Tools

California requires the following notice:

WARNING: Some dust created by power sanding, sawing, grinding, drilling, and other construction activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Some examples of these chemicals are:

- lead from lead-based paints,
- crystalline silica from bricks and cement and other masonry products, and
- arsenic and chromium from chemically treated lumber.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.

Lead Crystal Glasses

Lead levels in the crystal glasses sold in our Kitchen & Housewares Store comply with FDA standards. California requires the following separate notice:

WARNING: Consuming foods or beverages that have been kept or served in leaded crystal products will expose you to lead, a chemical known to the State of California to cause birth defects or other reproductive harm. This warning does not apply to Baccarat decanters, flacons, stoppered pitchers, and mustard and jam pots.

Ceramic Tableware

Lead levels in the ceramic tableware sold in our Kitchen & Housewares Store comply with FDA standards. California requires the following separate notice for ceramic tableware on the packaging:

WARNING: Use of this tableware will expose you to lead, a chemical known to the State of California to cause birth defects or other reproductive harm.

Jewelry and Tiffany Style Lamps

California requires the following notice:

WARNING: This product contains lead, a chemical known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

Electrical Cords

California requires the following notice:

WARNING: The wires of this product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

Motor Vehicles

California requires the following notice:

WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead and lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Beauty Products

California requires the following notice on beauty and skin care products that contain progesterone:

WARNING: This product contains progesterone, a chemical known to the State of California to cause cancer. Consult with your physician before using this product.

Fresh Fruits, Nuts, and Vegetables

California requires the following notice:

WARNING: This product may contain a chemical known to the State of California to cause cancer, or birth defects or other reproductive harm.

Alcoholic Beverages, Including, Without Limitation, Beer, Malt, Beverages, Wine, and Distilled Spirits

California requires the following notice:

WARNING: Drinking Distilled Spirits, Beer, Coolers, Wine and Other Alcoholic Beverages May Increase Cancer Risk, and, During Pregnancy, Can Cause Birth Defects.
